

** L – lecture; SE – seminar; AC – auditorium classes; MC – major classes (non-clinical); CC – clinical classes; LC – laboratory classes; SCM – specialist classes (magister studies); CSC – classes in simulated conditions; FLC – foreign language course; PCP practical classes with patient; PE – physical education (obligatory); VP – vocational practice; SS – self-study, EL – E-learning .

Please mark on scale 1-5 how the above effects place your classes in the following categories:

communication of knowledge, skills or forming attitudes:

Knowledge: 5

Skills: 5

Social competences: 5

Student's amount of work (balance of ECTS points)

Student's workload (class participation, activity, preparation, etc.)	Student Workload (h)
1. Contact hours:	180
2. Online learning hours (e-learning):	
3. Student's own work (self-study):	90
Total student's workload	270
ECTS points for module/course	12
Comments	

Content of classes (please enter topic words of specific classes divided into their didactic form and remember how it is translated to intended educational effects)

Lectures

N/A

Seminars

N/A

Practical classes

1. Skin diseases of various etiology.
2. Sexually transmitted diseases.
3. Skin lymphomas. The revelators of internal malignancies.
4. Skin cancers. Nevi.
5. Dermatological therapy. Surgical treatment of selected skin diseases.

Other

Basic literature (list according to importance, no more than 3 items)

N/A

Additional literature and other materials (no more than 3 items)

N/A

Didactic resources requirements (e.g. laboratory, multimedia projector, other...)

N/A

Preliminary conditions (minimum requirements to be met by the student before starting the module/course)

N/A

Conditions to receive credit for the course (specify the form and conditions of receiving credit for classes included in the module/course, admission terms to final theoretical or practical examination, its form and requirements to be met by the student to pass it and criteria for specific grades)

Active presence on classes and verification of practical skills

Grade:	Criteria (only for courses/modules ending with an examination)
Very Good (5.0)	proficiently uses the knowledge and skills significantly exceeding standard course syllabus, gives interesting solutions of problems considering patients' care, identifies himself with general and professional ethics rules
